

Objective

Computer Science undergraduate with hands-on experience in MERN Stack Development, Artificial Intelligence, and Web Application Development through multiple internships and projects. Skilled in Python, React, MongoDB, and JavaScript, seeking Software Developer opportunities to build scalable applications and contribute to innovative development teams.

Education

Qualification	C.G.P.A / Percentage	Institution
B. Tech (2023-27)	8.86	Narasaraopeta Engineering College Narasaraopet
Intermediate (2021-23)	97.5%	Sri Chaitanya Junior College (BIE) Guntur
SSC (2021)	96%	Zilla Parishad High School Takkellapadu

Experience

Nov 15 2025 – Feb 15 2026

Full Stack Web Development Intern | Unified Mentor Pvt. Ltd.

Developed responsive and user-friendly web applications using HTML, CSS, and JavaScript.
Integrated Firebase Authentication and Realtime Database for secure user management and data storage.
Designed role-based access systems for different types of users.
Implemented real-time data updates and interactive user interfaces.
Collaborated on project planning, debugging, testing, and deployment activities.
Applied software development best practices to build scalable and maintainable applications.

Projects

Digital E-Gram Panchayat System: Digitized village governance services with online application tracking and role-based access.

E-Bus Management System: Developed a real-time location-based bus tracking and management platform using Google Maps and Firebase.

Virtual Pet Simulator: Built an interactive digital pet game with real-time health, hunger, and happiness management features.

Trade Flow: Designed a trading management platform with portfolio tracking and market analysis features.

Online Job Application System: Developed a job portal for efficient application submission and recruitment management.

Skill Swap Hub: Built a skill-sharing platform that facilitates learning and collaboration through skill exchanges.

Skills

Proficient in HTML5, CSS3, and JavaScript (ES6+) for building responsive, interactive, and user-friendly web applications.

Experienced in React.js for developing dynamic front-end interfaces and reusable UI components.

Skilled in Node.js, Express.js, and MongoDB for creating scalable full-stack applications, RESTful APIs, and database-driven solutions.

Good at programming languages like Java and Python.

Certifications

- The Certificate of completion - The Complete Full-Stack Web Development Bootcamp - Udemy
- Introduction to Internet of Things (Elite + Silver) – NPTEL
- Programming in Java (Elite + Gold) - NPTEL
- Certificate of Participation in Machine Learning with Python – NIT Warangal
- Essentials of Prompt Engineering – AWS Training & Certification
- The Certificate of Participation in Round 1 of HacXLerate 2025, byteXL's Flagship National Hackathon - HacXLerate (byteXL)

Personal Details

- Native – Takkellapadu, Guntur
- Languages Known – English, Hindi, Telugu
- Address – 7-260, EBC-colony, Takkellapadu, Guntur, Andhra Pradesh
